ABOUT THE PROJECT

A new festival is bringing a splash of colour to the heart of Stratford. Paint Stratford is creating a vibrant public art trail featuring world-class street artists, with the aim of transforming the town with stunning murals.

Led by local artist and producer Ali Glover and creative producer Kate Cox, the festival is already making a significant impact. Supported and funded by Stratford District Council, Warwickshire County Council, Stratford Town Trust and local community partners, Paint Stratford is committed to enhancing the town's public spaces through art.

IMPACTS

Workshops, involving local residents of all ages, have been held at the Fred Winter Centre to explore the world of street art and create collaborative pieces. Paint Stratford has also successfully completed a graffiti project in Meon Vale, engaging young people in the creative process, along with the Bishopton Community Centre Garden (top left).

Additional murals will be created throughout the year with several more exciting projects still to be announced.
